### **How the Leisure Club Access works**

Members can purchase passes and book time slots in advance, (01668 212250) which guarantees access at that time they want subject to availability, which we strongly recommend. Alternatively, guests can simply turn up on the day and gain access if numbers in the pool or fitness suite allow.

We believe it is extremely important to manage the number of people in the facility so as to prevent overcrowding that happens regularly in other facilities in the area. Hence the reason we recommend pre-booking. Access is strictly subject to availability.

Guests can bring their own towels or for a small fee they can hire a luxury cotton towel from Beau Monde

To purchase passes for Beau Monde Leisure or obtain the discounts offered by The Apple Inn, The Apple Core or Beau Monde Salon & Spa, members guests would need to present their proof of membership on payment, a key fob on your cottage keys.
